

## **VETERINARY MEDICAL COLLEGE APPLICATION SERVICE (VMCAS) FACT SHEET**

### **Association of American Veterinary Medical Colleges (AAVMC)**

The AAVMC coordinates the affairs of the 28 U.S. Veterinary Medical Colleges, 4 Canadian Colleges of Veterinary Medicine, Departments of Veterinary Science and Comparative Medicine, animal medical centers, the University of Glasgow, University of Edinburgh, and Massey University. Additionally, the association fosters the membership's teaching, research and service missions both nationally and internationally. Addressing the interests of producers and consumers of food and fiber, the interests of animal owners, and those of pet owners, AAVMC's principal goal is improving the quality of human and animal life. Specifically, we continue to address societal concerns about food safety, advance veterinary education, improve animal health and well being, strengthen biomedical research and enhance environmental quality. The AAVMC sponsors the Veterinary Medical College Application Service (VMCAS).
