Frequency of Visits

All cats should have a veterinary examination at least annually. For many cats, more frequent visits may be appropriate. Decisions regarding specific frequency of visits should be made based on individual needs of the cat.

Health Evaluation

Subjective
History, including evaluation of
- Lifestyle and life stage
- Behavior
- Diet

Objective
Comprehensive physical examination, including
- Dental assessment
- Pain assessment
- Body and muscle condition scoring

Assessment
On the basis of history and physical examination findings, assessments are made for:
- Medical conditions
- Infectious and zoonotic diseases
- Parasite prevention and control
- Dental care
- Genetic, breed, and age considerations
- Behavior
- Nutrition
## Plan

Client communication and education plan to include:

### Diagnostic plan:
- Every cat should have:
  - [ ] Heartworm testing in accordance with existing guidelines
  - [ ] Retrovirus testing in accordance with existing guidelines
  - [ ] At least annual internal parasite testing

- Customized plan based on assessment:
  - [ ] Other diagnostic tests (including dental radiographs)
  - [ ] Early disease screening tests
  - [ ] Genetic screening tests

### Therapeutic plan:
- Every cat should receive:
  - [ ] Year-round broad-spectrum parasite control with efficacy against heartworms, intestinal parasites and fleas

- Customized plan based on assessment:
  - [ ] Tick control as indicated by risk assessment
  - [ ] Therapeutic recommendations
  - [ ] Dental recommendations
  - [ ] Behavioral recommendations
  - [ ] Environmental enrichment recommendations
  - [ ] Dietary and feeding recommendations

### Prevention plan:
- Every cat should have or receive:
  - [ ] Immunization with core vaccines in accordance with existing guidelines
    - Rabies virus
    - Feline panleukopenia virus
    - Feline herpesvirus-1
    - Calicivirus
    - For kittens, feline leukemia virus*
  - [ ] Appropriate identification including microchipping
  - [ ] Reproductive and genetic counseling and spaying or neutering unless specifically intended for breeding purposes

- Customized plan based on assessment:
  - [ ] Immunization with non-core vaccines in accordance with existing guidelines
  - [ ] Other preventive recommendations and counseling regarding zoonotic diseases

### Follow-up plan:
- [ ] Establish a plan for follow-up based on assessment and future care recommendations
- [ ] Set expectations for next visit

### Documentation:
- [ ] Thorough documentation of the patient visit

*Feline leukemia virus vaccine is considered a non-core vaccine but is highly recommended for kittens, according to AAFP Feline Vaccine guidelines.
