Essay

Your personal statement is a one-page essay that gives veterinary admissions committees a clear picture of who you are and, most importantly, **why you want to pursue a career in veterinary medicine**. Visit the [Applicant Help Center](#) for more information.

Once you submit your application, you cannot edit this section.

Essay

* Although there is no set of rules mandating what a strong personal statement should include, here are a few tips to help you successfully craft an effective personal statement:

- **Explain a defining moment** that helped steer you toward a career in veterinary medicine. Consider using that moment as the focal point of your essay.
- Be original and thoughtful: Discuss how you would **contribute to the profession** and patient care, all of which will help you stand out from other applicants.
- As you are telling us **why you want to pursue a career in veterinary medicine**, explain why you are good candidate for veterinary school. Ask yourself—in a pile of 100 applications, would I enjoy reading my statement? Be sure to convey your passion for veterinary medicine in your statement.
- Many of you have had meaningful experiences with animals or veterinarians as children and these are important but should only be mentioned briefly.
- Your application materials already contain a summary of your accomplishments, so avoid repeating information from your transcripts or reference letters.
- Give yourself time to organize your thoughts, write well and edit as necessary.
- Ask yourself if this essay is a good representation of your character, ideals and aspirations.
- Don't forget to proofread!

Experiences

You may update the information in this section at any time prior to submission. Once you have submitted, you will be able to add more Experiences, but you will not be able to update or delete completed Experiences.

Enter your professional experiences in several categories, or types, in this section. Consider the duties you performed and choose the category that you think best fits the experience. Additionally, review these best practices:

- Enter only current or completed high school and college experiences.
- Review the [Applicant Help Center](#) for definitions and an experience chart.
- If your experience doesn't have a set schedule (e.g., 4 hours a week of 8 weeks), then calculate the average weekly number of hours you completed. For example, if you worked 2 hours in the first week and 8 hours in the second week for a total of 10 hours of 2 weeks, then enter 5 hours over 2 weeks.

After experience entry, select up to 5 as your most important to highlight on your application PDF. Choose the experiences that best reflect your background or mean the most to you. You can change your selection any time before you submit your application. After submission, you may select additional experiences as most important up to the maximum but may not remove previously-designated experiences.
